

PRO X212

Crystal Mobilesound is proud to introduce a new series of subwoofers. The PRO X2 Series combines technologies we developed in the design of our state of the art COMP X2 Series along with cost saving measures we implemented in the production of our PRO SE Series. The result is a Series of subwoofers that offer incredible performance for the dollar. The PRO X212 is a 12" subwoofer that has a 90 oz. Dual Magnet Stack, Twin 4 ohm voice coils, Santoprene Rubber Surround and a Stitched-on Carbon Filled Cone all mounted into a Cast Aluminum Basket. No other subwoofer in this price class can match the build quality of the PRO X212.
